Laser SkinTreatments

**My Face Aesthetics Clinic**

## My Face Aesthetics Clinic

We work alongside one of the worlds leading laser companies' Cutera. The multi- application platform we have enables us to treat a broad range of aesthetic and medical conditions covering virtually any skin type and body location, from large body areas to delicate facial details. Contact cooling reduces discomfort and downtime.

With three laser light technologies , seven multi-functional hand pieces and over twenty treatment indications, combined with experienced laser practitioners, we have all year round safe treatment options.

Karen is the UK Instructor for the Cutera Laser and has trained others with this technology throughout Europe. Her dedication and commitment to the highest ethical standards, combined with her caring, personal and holistic approach, shape her practice and drive her unparalleled success and reputation in this field.

Repair. Restore.  
Renew Your Skin

The new Cutera® Titan® gives you an all natural option to actively turn back the clock on aging skin. Using light energy to stimulate new collagen growth deep beneath your skin's surface, Titan can tighten skin on your face, arms, abdomen, and legs.

It's an ideal solution to enhance your youthful and healthy appearance without surgery, recovery time, or injections.

It's time to stop worrying about unwanted hair and let your skin blossom with confidence with xeo® hair removal. The 1064 wavelength enables us to treat all skin types 1-V, including tanned skin.

The purpose of the treatment is to selectively target the hair follicle without causing thermal damage to the surrounding tissue.

Laser Genesis skin therapy stimulates natural processes to Unlock beauty's best kept secret.

Promotes vibrant and healthy looking skin in men and women. Now you can have a more youthful appearance by treating conditions that are typically associated with aging and sun damage.

## My Face Aesthetics Clinic

Treatment Packages Designed for individual needs. A combination of different lasers can be prescribed to gain optimum results

Skin revitalization using Cutera's LimeLight. The procedure offers the advantage of improving skin tone and surface imperfections associated with aging and photodamage.

Customized for different skin tones and aging skin conditions. The result is an exceptionally effective skin revitalization treatment with minimal discomfort.
